## CAREER OBJECTIVE

MCA student with a strong foundation in software development, programming, and problem-solving, supported by practical experience gained through internships and projects. Passionate about building innovative solutions and leveraging Generative AI, modern development tools, and emerging technologies to enhance productivity and drive innovation. Seeking opportunities to apply technical skills, adaptability, and continuous learning while contributing to impactful and high-quality solutions.

## TECHNICAL SKILLS

- Programming Languages: JavaScript, Java, C
- Frontend Development: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Angular, Responsive Web Design
- Backend Development: Node.js, Express.js
- Databases: MySQL, Supabase
- AI & Emerging Technologies: Generative AI & Prompt Engineering
- Tools & Platforms: GitHub, Kiro, VS Code, Cursor, Claude

## PROJECTS

### Hirefy – Recruitment Platform

Tech: JavaScript, React.js, HTML, CSS, Bootstrap, Node.js, Express.js, Supabase

- Developed a role-based recruitment platform to streamline the hiring process.
- Implemented secure authentication and role management for candidates, recruiters, and administrators.
- Built features for job posting, resume creation, and application tracking.
- Integrated Supabase for centralized data storage and secure user management.
- Designed a responsive, mobile-first UI to improve accessibility and user engagement.

## EDUCATION

|                                                  |                |
|--------------------------------------------------|----------------|
| <b>Mater of Computer Application (MCA)</b>       | <b>2024-26</b> |
| Jain College of Engineering, Belagavi (CGPA-8.0) |                |
| <b>Bachelor of Science</b>                       | <b>2020-23</b> |
| KLE GI Bagewadi College, Nippani (CGPA-7.79)     |                |

## ACHIEVEMENTS

- Participated in **SudurCodeX TechFusion 2026 Hackathon**, demonstrating teamwork, problem-solving, and innovative thinking.

## CERTIFICATION

- IBM SkillsBuild – Artificial Intelligence Fundamentals, Customer Engagement: Communication and Personality Dynamics
